I (we) have read and understand the terms and conditions and understand that my regular payment schedule will resume the next month. I also understand that this deferral is subject to approval and is not guaranteed. I (we) understand and acknowledge that this deferral will extend the maturity date of the loan(s) by one month beyond the scheduled maturity date. Interest will continue to accrue on the unpaid balance and the final payment may be larger than originally disclosed due to additional interest. If your payments are made by automatic transfer, direct deposit, or payroll deduction, and you accept this deferral of your December payment(s), the amount of the payment will remain in your account.
